

This architectural section drawing illustrates the vertical structure of a building facade, showing two identical units side-by-side. The drawing includes the following details:

- Dimensions:**
 - Overall Height:** 6000
 - Overall Width (per unit):** 6500
 - Unit Spacing:** 9500 (between the centerlines of the two units).
 - Vertical Segments (from top to bottom):**
 - Top dark gray band: 500
 - Light gray band: 3950
 - Dark gray band: 300
 - Bottom light gray band: 1250
 - Horizontal Segments (from left to right):**
 - Left dark gray band: 200
 - Light gray band: 1050
 - Right dark gray band: 200
- Structural Elements:**
 - Columns:** Indicated by vertical dashed lines.
 - Beams:** Indicated by horizontal solid lines.
 - Slabs:** Indicated by horizontal dashed lines.
 - Windows:** Represented by dashed circles, arranged in a grid pattern.
 - Doors:** Represented by small squares with diagonal lines, located in the light gray bands.
- Section Markers:**
 - A-A:** Vertical section line passing through the center of each unit.
 - B-B:** Horizontal section line passing through the middle of the facade.

SEZIONE D-D

Technical drawing of a cross-section of a bridge pier (SEZIONE D-D). The drawing shows a concrete structure with a central rectangular opening and a sloped side. Dimensions are provided in meters (m).

Key dimensions and features:

- Overall width:** 4.750 m (at the base).
- Overall height:** 4.500 m (from the base to the top of the sloped side).
- Base width:** 4.750 m.
- Top width (left side):** 3.000 m (from the left edge to the start of the sloped side).
- Top width (right side):** 2.500 m (from the start of the sloped side to the right edge).
- Opening dimensions:**
 - Width: 1.050 m.
 - Height: 2.000 m.
 - Radius of the bottom corner: 0.200 m.
- Side slope:** The right side of the pier is sloped, with a vertical height of 4.500 m and a horizontal width of 2.500 m.
- Foundation:** The pier is shown resting on a foundation, with a cross-section of the foundation visible below the main structure.
